

# **2018** LEGISLATIVE SCORECARD

## **From the Executive Director**

When consumers are cheated, when our public health is threatened, or powerful interests have more say than ordinary people, our job is to stand up for the public interest. We're funded by tens of thousands of individual supporters throughout the state, not corporations or other special interests, which allows us to be independent and focus on doing what's best for the public.

This scorecard grades legislators on their votes on significant bills CALPIRG supported in 2018, and we are so proud of the breadth and depth of the CALPIRG-backed policies signed into law.

Thanks to bills passed by the legislature and signed by Governor Brown in 2018, our electricity will be much cleaner, our consumer products will be less likely to contain toxic chemicals, and net neutrality principles were restored for an open Internet. Childcare centers will test their drinking water for lead, we'll reduce unnecessary plastic straws from going into our waste stream, and consumers will have stronger protections to keep their personal data secure from identity thieves.

In a time of abundance and great technological progress, California has more problems than it should, and more solutions than it uses. We'll continue to work for healthier, safer and more secure lives for all in 2019 and beyond.

Thank you for your support,

Emily Rusch Executive Director CALPIRG

CALPIRG is a consumer group that stands up to powerful interests whenever they threaten our health and safety, our financial security, or our right to fully participate in our democratic society. We have compiled this legislative scorecard as a tool to educate California citizens about the voting records of their elected officials.
